## Welcome from Writer

Hello there! Thanks so much for purchasing the *Granny Got Stuck In Alexa* production. We can't wait to see you take our live production to the stage. With a total cast size of 13, is a great mix of males, females, and gender fluid characters. Get ready to dive in to this family-loved, with us supporting you all the way. We have included our full script, as well as 2 audition pieces that may help you with the casting of your production.

When it comes time for you to do your production, you may need a few other things! And we are on hand to help, whenever you need. Why not get in touch now to get the worries out of the way. We can provide assistance with lighting, sound, microphones, projections, choreography, and video licensing. We would be happy to even program your lights, quoted by our technical team.

When it comes to **videography** and **photography**, it is a strict **no** until you purchase the video & photo licence which is available on our products page for £5. If you are recording videos, or taking photos without a licence then we have the right to remove your show licence immediately or further terminate your access to the shop.

If you need assistance with sound effects, then get in touch and we can provide apps, mp3 files, and lots of other resources for you. The mics however really depend on your budget. This is something that you will need to get in touch about, as it is a big area to cover. Projections are available on the licencing shop for £2. They come in PPTX format, however you can request another type of file.
